Block 11: Triad Star

Templates: D2, D4, ET2, ET4 (Each of these templates have been used in prior blocks.)

Fabric: 1/8 yd. light blue
1/8 yd. medium green
1/8 yd. dark pink
1/8 yd. lighter salmon
1/8 yd. darker salmon

Prepare the fabrics as described in Hexagons, Diamonds, Triangles, and More.

Cutting:

From **each of** the light blue, medium green, dark pink, and lighter salmon fabrics, cut one WOF strip, 4" x 42".

From the darker salmon fabric, cut one WOF strip, 2 1/4" x 42".

Keep fabric strips folded with wrong sides together.

Using template ET4, cut three ET4 triangles from the medium green, the lighter salmon, and the dark pink fabrics, unfolding the strip to cut the third triangle in order to conserve fabric.

Using template D4, from the light blue strip, cut six D4 diamonds. Be sure to cut from the selvages toward the fold, as shown, to conserve fabric. Then, using template ET2, cut six ET2 triangles from the remaining light blue fabric.

From the 2 1/4" dark salmon fabric, using template D2, cut three D2 diamonds.

With the "leftovers" of all five fabrics, cut as many 1 1/2" x 6" rectangles as possible. Put these rectangles aside in a safe place. They'll be used later to finish your quilt!

Construction:

1. Using one dark salmon D2 diamond and two light blue ET2 triangles, sew pieces together as shown, using complete seams, to create a Diamond Triangle unit.

Press seams toward the triangles. Make 3 units.

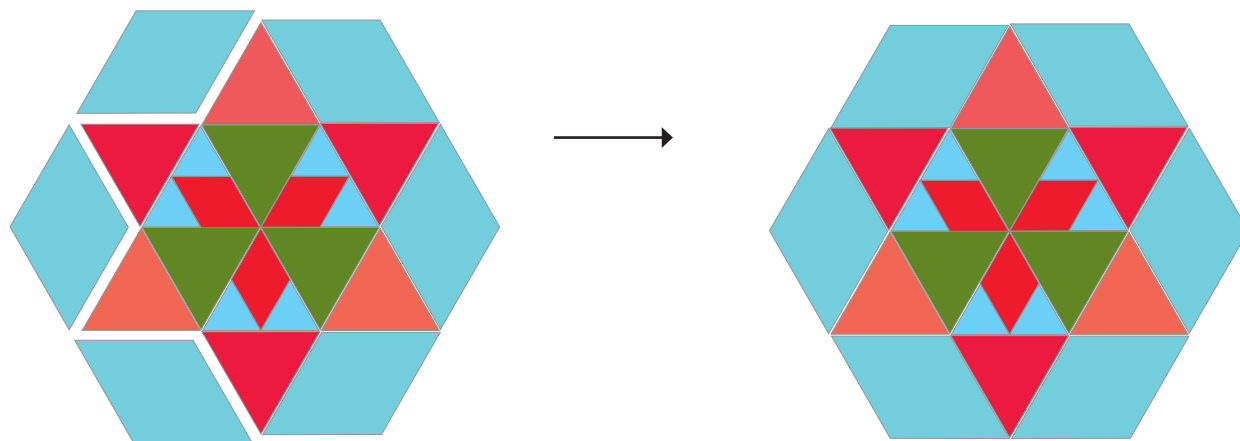

2. Using set-in seam technique, sew the three Diamond Triangle units and the three medium green ET4 triangles, together, as shown. Press seams.

3. Using set-in seam technique, sew the lighter salmon and dark pink ET4 triangles to the pieced hexagon unit, as shown.

4. Set-in the six light blue D4 diamonds. Press seams. Enjoy your Triad Star Block!

Next month, you will receive Block 12 of the Kellyquilter Mystery Block of the Month AND the setting instructions, including fabric requirements. I can hardly wait for the "big reveal"!!!
